TERMS OF REFERENCE
Hiring of the SSX Conference Manager and Video Producer

I. Background and Rationale

The Sustainability Solutions Exchange (SSX) is CITEM's new international trade platform that promotes sustainable products and solutions and drives businesses to transition towards green growth. In its maiden edition which will be held this 23-25 March 2022, via the Hopin Platform, the expo shall focus on sustainable solutions and products for our Philippine MSMEs in the food and lifestyle sector and will develop various digital components such as the Exhibition, Conference, Business Matching, and other special activities to maximize the promotions.

The Conference aims to raise awareness and understanding on sustainable consumption and production, facilitate engagement by discussing manufacturing challenges, and showcase best practices or opportunities that will propel SMEs toward green growth. The Conference aims to converge stakeholders from the public and private sector; creating a space where our Philippine MSMEs can come and learn, no matter their level of awareness or maturity on sustainability.

To ensure the logistical, technical, and digital requirements needed in staging the SSX Conference are seamlessly prepared and delivered, it is deemed necessary to engage the services of a Conference Manager/Coordinator and Producer. While CITEM's Exhibition and Design Division and Operations Group for Food are adept in organizing various online webinars, B2B activities, and physical events, CITEM lacks the complimentary manpower necessary to mount the SSX Conference given the number of speakers, magnitude, and, more importantly in this digital space or platform alongside the preparation, implementation and monitoring of the requirements for a digital expo and business matching.

Thus, the SSX Conference Manager and Video Producer shall support CITEM in securing the availability of the specific authorities and key figures/personalities in the sustainability industry and producing an engaging and impactful digital Conference. In this way, the organic CITEM project officers/ manpower may strategically lead the coordination and production of the 3-day Expo and B2B components and the overall marketing implementation while overseeing the SSX Conference to be produced by the said service provider.

II. Scope of Work and Deliverables

A. Coordination and Management of Speakers / Partners

1. Submit to CITEM the names of their manpower who will be directly assigned to the project during the onboarding / coordination meeting to cover the overall conference management, speaker coordination, presentation enhancement, chat support writing, etc.
2. Implement all decisions, directions, and/or updates of the CITEM Project Team, in coordination with its hired Program/Sustainability Director, concerning the conference program, speaker/moderator/presenter requirements and participation, schedule or timeline of preparation and implementation
3. Facilitate and/or assist the CITEM Project Team, in coordination with its hired Program/Sustainability Director and other relevant third party suppliers, in the coordination of the Keynote presenters, panelists, moderators, and/or speakers which may include but not limited to:
 - a. Follow-ups and/or confirmation of invitations (as necessary) to the 50-60 target keynote presenters, panelists, moderators, and/or speakers
 - b. Sending out of necessary materials, briefs, advisories, reminders, etc.
 - c. Confirming and/or ensuring availability and readiness of speakers/ panelists/ moderators/ presenters for production meetings, rehearsals, pre-recordings, technical meetings, press or promo schedules, live discussion, etc. As applicable, represent the speakers, panelists, and moderator/s or host/s in scheduled pre-production or coordination meetings with the CITEM Project Team
 - d. Facilitation and/or support during meetings on topic or segment briefing, production, pre-recording, technical requirements, production proper, etc. as necessary

Submission of speaker requirements such as press photo, brief profile, presentation materials, feedback surveys, based on the inputs/ instructions of the CITEM Project Team

4. Ensure compatibility and compliance with the prescribed file size, type, and/or dimensions of all the materials from the speakers. Ensure all documents are updated, organized, and accessible by all parties without sacrificing its quality or integrity
5. Provide updates on the status of engagement with the speakers, moderators, as may be required by the CITEM Project Team and/or its hired Program/Sustainability Director
6. Submit reports (Post Event, minutes, highlights, etc.) and/or documentation of various engagements for submission and/or as required by CITEM
7. Generate a database that will consist of all the contacts from the coordination and management with the speaker/moderator/presenter/partner and/or their designated representatives and ensure said database is organized and consolidated according to CITEM's guidelines
8. Closely work with the CITEM Project Team and hired or engaged third party suppliers and/or service providers (such as but not limited to the ff: Program/Sustainability Director, Digital Production Team, etc.)

B. Production of Conference Videos, Collaterals, and/or Presentations

1. Produce and edit/post-process, according to CITEM Guidelines and instructions, the following programs/segments with the target speaker/partner or their designated representative for pre-recording (duration, and speakers/moderators subject to modifications):
