**To all Prospective Bidders:**

This shall form an integral part of the Bid documents.

| <b>Clarifications:</b>  |   |
|---|---|
| <b>QUERIES</b>  | <b>ANSWERS</b>  |
| The Approved Budget for the Contract (ABC) of this requirement is close to the Suggested Retail Price (SRP) and the remaining budget will only cover the LTO registration and not the Insurance. Can the insurance be removed?  | The Procuring Entity prefers that the car insurance be covered by ABC regardless of the insurance provider.   |
| Can we provide Insurance that is not under GSIS?  | The Procuring Entity is amenable to other insurance provider outside GSIS.  |
| We kindly request that you consider a gasoline engine option, as it offers several advantages, including affordability, advanced technology, reduced maintenance, and lower emissions to support environmental compliance. We would also be pleased to arrange a formal invitation for a test drive and demonstration, allowing you to experience the comfort, innovative technology, and unique features of our vehicles compared to other traditional brands. | The Procuring Entity acknowledges and appreciates the bidder's offer and invitation for a test drive and demonstration of its Multi-Purpose Vehicle (MPV). However, after careful evaluation and due consideration of the technical specifications, the PE prefers to stick to its existing technical specifications particularly with diesel engine vehicles since it is more fuel efficient and considering CITEM's continuous use of vehicles for its day-to-day operations, diesel engines can run longer before requiring maintenance. |

Items not mentioned above remain the same.

This Supplemental/Bid Bulletin is being issued to clarify/modify/amend the specifications of the requirement needed, and not for purposes of delaying the proceedings of RA 9184.

Issued this **18<sup>th</sup> day of November 2024**.
