<b>QUERIES</b>	<b>ANSWERS</b>
We will be providing a gasoline-powered vehicle, with other specifications subject to change. Is CITEM agreeable to this offer?	After due consideration, the end-user prefers to stick with diesel engine vehicles since it is more fuel efficient and considering CITEM's continuous use of vehicles for its day-to-day operations, diesel engines can run longer before requiring maintenance.

Items not mentioned above remain the same.

This Supplemental/Bid Bulletin is being issued to clarify/modify/amend the specifications of the requirement needed, and not for purposes of delaying the proceedings of RA 9184.
