TERMS OF REFERENCE

Hiring of the Sustainability Assurance Director for SSX (Sustainability Solutions Exchange)

I. Background and Rationale

Upon careful assessment of the CITEM management with respect to the readiness of the food and lifestyle MSMEs given the impact of the prolonged and ongoing community quarantine to their operations and finances, the staging of the maiden and digital edition of SSX is moved to 23-25 March 2022 via Hopin. Further and to holistically capture the objectives of both the website to be launched this 2021 and the Expo to be held in 2022, **SSX** shall now stand for the **Sustainability Solutions Exchange**. In its initial stage, SSX website **sustainability.ph** shall serve as a resource and content aggregator from established agencies and organizations. The objective is to build a community that nurtures Philippine companies, breed ideas, and promote solutions for Philippine companies towards sustainability. Meanwhile, the Expo shall feature various solution providers, stage a 3-day Conference, and undertake business matching activities for the food and lifestyle MSMEs.

Despite the movement of the maiden edition of SSX to March 2022, preparations are ongoing and gaining momentum following the approval of the program direction on the exhibition, conference, partnerships, and the marketing and communications. With the official conclusion of the services of the SSX Program Director last October 2021, it is deemed necessary to engage a Sustainability Assurance Director for SSX who will ensure that the relevant principles and practices of sustainability are properly applied and implemented in various components and processes of the Expo and website that will meet the objectives and targets of the project as decided by CITEM.

Given the technicality and complexity of the concept behind SSX and the challenge to further impart its urgency and application among the stakeholders, engaging the services of the Sustainability Assurance Director is deemed necessary. While CITEM's Operations Group and Creative and Communication Services Department are experienced project managers and communicators together with the program direction laid down by the SSX Program Director, CITEM needs the support in ensuring that the messaging and approach/implementation are aligned, and partners are credible and relevant to mount a show on sustainability of this magnitude. The Sustainability Assurance Director shall support CITEM in ensuring the technicalities and intricacies of the concepts and practices behind sustainability are applied and practiced in the components and execution of the show.

II. Objectives for the Hiring

- A. Guarantee the alignment and relevance of the components to be staged, partners to be engaged, and concepts or content to be communicated with respect to the approved program direction, concepts, and practices of a sustainable business
- B. Work closely with the inhouse and outsourced producers/suppliers to align them with the concepts and practices of sustainability and the approved program direction

III. Scope of Work

- A. Data Storytelling
 1. Generate at least three data stories on Food, Lifestyle, and Advanced Solutions & Advocates to support the narrative or program direction of SSX complete with the list of sources or references
 2. Present said data stories via the Google Data Studio and provide the overview of each data story
 3. Engage and coordinate with various credible/reputable partners for data sourcing, validation, and preparation
 4. Provide CITEM with updates or, as necessary, reports on the status of the data storytelling

- B. Exhibition
 1. Prepare a Sustainability Toolkit for MSMEs which will outline the background of the SDGs, the state of sustainability in the Philippines, and the rationale for the food and lifestyle MSMEs to go green, among others. The aim of this toolkit is to ensure that the exhibitors are aligned with CITEM on the facts relevant to sustainability and can understand the necessity of going green
 2. As necessary, recommend possible additional exhibitors subject to the review of the TWG (Technical Working Group)

- C. Conference and Partnerships
 1. Recommend substitute or alternative speakers, presenters, and/or moderators should the initially selected officials or organizations decline their participation in the Conference
 2. Coordinate closely with the hired Conference Manager in the preparation of the speakers' briefing kit, script and/or presentations. Review the Conference Script and, as necessary/applicable, the other Conference materials or collaterals (pre-recorded videos, video loops and transitions, etc., chat support script, etc.) to be produced by CITEM and/or its hired suppliers.
 3. Prepare the guide questions or discussion points of the speakers and moderators in accordance with the approved program direction and relevant to the Philippine food and lifestyle MSMEs

- D. Creative and Communications
 1. Together with the SSX Project Director and Team, guarantee the consistent translation of the approved program direction in all the critical creative components of the event (promotional materials for social media, print, and digital platforms and event experience)
 2. As necessary, portray the role of a Brand Ambassador by participating in PR activities such as media interviews, briefing or promotional events, and the like

- E. Others
 1. Whenever required, attend speaker briefings, rehearsals, and/or production-related meetings
 2. Review and validate the partners to be engaged by CITEM and their content that will be published in connection with SSX with respect to its relevance to the Philippine food and lifestyle MSMEs and claim/s to sustainability
 3. Research and recommend content, programs, and activities to further enhance the promotion of SSX and its features/components, but must be in consideration of timeline and budget
 4. Together with the Project Team, ensure alignment of the program direction with the website and event collaterals, messaging, and experience with the Philippine food and lifestyle MSMEs

IV. Qualifications and Technical Evaluation

1. Be Philippine-based.
2. Actively or presently involved or affiliated, (named as country representative, is preferred) with local and/or international notable organizations or companies such as the World Economic Forum, Ellen MacArthur Foundation, and the like to lead/mobilize/develop projects or programs on sustainable products and/or services, environmental awareness, circular economy, and the like for the benefit of start-ups/business enterprises/organizations/ individuals.
3. Have a minimum of three (3) professional leadership experience with a public or private entity relevant to sustainable products and/or services, environmental awareness, circular economy, and the like.
4. Have worked with international organizations or foundations in the last five (5) years to lead/mobilize local and/or international projects or programs relevant to circular economy, sustainability, environmental awareness, and the like.
5. Have been featured in local and/or international media outlets in the last five years for participation in projects or programs relevant to the above-mentioned causes.
6. Have received awards or recognition relevant to projects or programs for the mentioned causes.
